Location – Durgapur

SUMMARY

Java Full-Stack Developer from India with expertise in web and desktop applications development. Experienced in designing and developing responsive web applications along with strong backend capabilities. Passionate about building efficient, scalable solutions with a focus on clean code and user-friendly design.

EDUCATION

Bachelors of Computer Application (BCA)
Abs Academy of Science Technology and Management   2022-2025

12th Higher Secondary (WBBCHSE)
Nadiha High School (H.S.)   2022

10th Secondary (WBBSE)
Durgapur Projects Boys' High School (H.S.)   2020

SKILLS

- Languages & Tools – Java, Advanced Java, Html5, CSS3, JavaScript, Git, GitHub
- Frameworks – Swing, Bootstrap
- Database – MySQL
- Editors – VS Code, Cursor AI, IntelliJ, Android Studio
- Ms Office Suite – Word, Excel, PowerPoint

PROJECTS

❖ **University Management System** (UMS) | github/ ums
Technologies Used – Java, Swing, MySQL
Project Description:
The University Management System is a desktop-based application developed in Java using the Swing framework for the user interface and MySQL for database management. This system streamlines academic operations by providing dedicated portals for students and faculty with secure role-based access.
  - **Student Login:** View/Add Profiles, check results.
  - **Faculty Login:** Add, edit, and delete student records.
  - **Admin Module:** Manage faculty and student databases securely.

❖ **Safe Steps – Empowering of Women's Safety** (Group Project) | github/safe-steps
Technologies Used – Html, CSS, JS, Python, Django, SQLite
Project Description:
Safe Steps is a web-based security platform designed to enhance women's safety through real-time emergency response and verified transportation services. The system features a three-tier access model (User, Driver, Admin) with:
  - **User Portal:** User can book safe ride and tell us any emergency situation.
  - **Member Portal:** Member or Driver can go ride booking customer location.
  - **Admin Dashboard:** Admin can check all over activities for user and member both.
